

SURAM MANIKANTA REDDY

+91 9133789539,

surammanikantareddy086@gmail.com

EDUCATION :

Bachelor of Technology - IT (2018-2022): VNR

Vignana Jyothi Institute of Engineering and Technology.

CGPA : 7.64

Intermediate (2016-2018):

Sri Chaitanya Junior College Madhapur.

Percentage :95

X-Class/SSC (2016):

Tulip Concept School.

GPA : 9.7

SKILLS :

- Development skills: Basic Knowledge on C, C++, python, and JAVA.
- Basic Knowledge on HTML and MySQL, CSS, JavaScript
- Android Application – Dart, Flutter
- Machine Learning, Artificial Intelligence
- Data Science – NumPy, Seaborn, Pandas, Scikit Learn

EXPERIENCE :

Summer Internship (July 2020 – August 2020)

- Formed a team and started working on the problem statements referred many papers and build our model in a new way.
- Project was done using machine learning concepts and we even wrote the research paper which yet to be submitted.

STRENGTHS :

- Optimistic
- Planning
- Teamwork
- Time Management
- Good communication skills

PROJECTS :

Title : CHECK BEFORE CLICK

Technologies used : Logistic Regression using ML

Description : Here we detect whether they given URL of a website is phishing or not. We developed this project using Machine Learning.

Title : Fire Alert System (IoT).

Technologies used : IoT

Description : This project is designed to reduce the fire accidents at home and industries by sending an SMS and Email to a concerned person and also gives a buzzer which alerts the people around there.

Title : FACE DETECTION

Technologies used : CNN using ML

Description : This project is a smart way of taking attendance using machine learning we scan the faces of students in classroom and mark attendance for them.
